Papp Logistics Srl expands its presence in Italy – New locations in Carisio and Mozzecane

Papp Logistics Srl is consistently continuing its growth trajectory in Italy and announces the opening of two additional locations in Carisio and Mozzecane.

With this strategic expansion, the company strengthens its position as a reliable and high-performing partner in the international transport and logistics sector, while further enhancing its regional proximity to customers and partners.

With Carisio and Mozzecane, Papp Logistics is specifically expanding its capacities in two economically strong regions of Italy. This creates additional flexibility in transport planning and supports the continuous development of tailored logistics solutions.

Papp Logistics stands for reliability, efficiency, and partnership-based collaboration. The expansion in Italy represents another step in strengthening our service portfolio and providing increasingly customized solutions across the entire supply chain.
